- 2.4. Purchase : The raw material is purchased along with manufacturers' test certificates and random check of raw materials carried out in in-house laboratory and occasionally sent to Govt. approved laboratory for cross verification
3. List of Order Handled
- 3.1 Comment on the Performance : The company has supplied various type/sizes of Cast Iron and Ductile Iron Valves, Fittings & Pipes to various State Govt./Govt./Private Sector organizations across the country and overseas customers in U.A.E & IRAQ. So far they have not received any adverse report from suppliers.
- 3.2 Orders in hand : The company is regularly supplying the valves, fittings & pipes to above mentioned clients and orders are executed continuously and effectively. At present, they have 750 MT (approx.) orders in hand against their monthly production planning of 250 MT (approx.)
4. Staff Strength : Administrative - 20
Technical - 12
Skilled - 60
Unskilled - 150
- 4.1. Union Affiliation : There is no trade union in the company.
- 4.2. Past Records of Strike : There is no labour problem since starting of production as confirmed by management.
5. Quality Standards :
- 5.1. Quality System : The company (Unit I & III) has implemented quality management system in line with requirements of BS EN ISO-9001/2000 and certified by BSI management system under Certificate No. FM 81232.
- 5.2. Testing Facility : During survey, it was noted that adequate testing facilities for incoming raw materials as well as finished product is available in the in-house laboratory.

The following test facilities are available:

- 1) Chemical test (Ferrous & Non ferrous items).
- 2) Physical test (UTS, % Elongation, YFS)
- 3) Hydrostatic Pressure Test.
- 4) Pneumatic Pressure Test.
- 5) Shore Hardness test.

REF: IN/CAL/IND/20050253-1

DATE: Kolkata, June 15, 2005.

PAGE: 6 of 7

- 6) Dye Penetration test.
- 7) Microstructure.

5.3. Specification available. : Necessary Indian Standard Specifications/British Standard Specifications/ International Standard Specification are available.
Customer approved Quality Assurance Plan of respective clients are also available.

5.4. Past Quality Complaints. : On verification, it was observed that the same are documented and attended to satisfy the clients.

6. Factory Equipments :

The following machinery/equipments are there in the factory:-

<u>Unit-I</u>			<u>Unit-III</u>			
P – 200 Benaras Road, Howrah.			NH – 6 Chamrail, Howrah			
1.	Lathe Machine - 16"	1 No.	1.	Vaccum Impregnation Machine	1 No.	
2.	Shaper Machine – 30"	1 No.	2.	Oil Fired Rotary Melting Furnace	1 No.	
3.	Radial Drill Machine – 1"	1 No.	3.	Cupola Furnace	1 No.	
4.	Welding Set & DVC Check	1 No.	4.	Sand Muller – 130 Kg. Capacity	1 No.	
5.	Chuck Lathe Machine	1 No.	5.	M.S. Blower	2 Nos.	
6.	Lathe Machine - 8"	1 No.	6.	Siemens Make Motor 30HP & 25HP	2 Nos.	
7.	Lathe Machine – 16"	1 No.	7.	Testing Machine	1 No.	
8.	Lathe Machine – 4"	1 No.	8.	125 KVA Generator (Kirloskar Make)	1 No.	
9.	Radial Drill	3 Nos.		50 KVA (Kirloskar make)	1 No.	
10.	Fixed Drill	1 No.	9.	5 MT capacity Crane	1 No.	
11.	Super Power Alternator	1 No.	10.	350 Kg. Capacity Hook Type Teapot Ladle.	1 No.	
12.	Air Compressor with Motor & Spray Gun	1 No.	11.	Ladle (2 mtr. Ladle & 2 Mtr. Ladle Teapot)	1 No.	
	Crane	5 Ton	3 Nos.	12.	Carbon Silicon Analyser Machines with Accessories.	1 No.
				13.	Silicious Ramming Mass	1 No.
				14.	VM 12 BCF Pump	1 No.
				15.	MSID Fan with SS 316 Impeller	1 No.
				16.	EEE Make Sand Mixer Muller	1 No.
				17.	KSB Make Pump	1 No.
				18.	Mould hardness Tester & rapid Moisture Tester Machine	1 No.
				19.	Chemicaly block	1 No.
				20.	Trolley	3 No.
				21.	Testing Machine	1 No.
				22.	Geared Ladle	1 No.

The management confirmed that the company is capable of producing various type/sizes of valves, pipes & fittings approximately 1000 M/T per month.

The machinery & Equipments are found in running condition.

- 7. Fire & Safety : The management provides necessary facilities to maintain safety and safe working environments in the company.
- 8. Godown Facility : The company (Unit-I & Unit-III) has adequate space and facilities for storage of incoming materials as well as finished product.
- 9. Power Available : Unit-I - 40 KW Power
Supply from WBSEB (West Bengal State Electricity Board)
Additional Power Arrangement : 20KVA Transformer - 2 Nos.

Unit-III - 84 KW Power
Supply from WBSEB (West Bengal State Electricity Board)
Additional Power Arrangement : 125KVA Transformer - 1 No.
50KVA Transformer - 1 No.
20KVA Transformer - 2 Nos.
- 10. Transport : Own Transport - No facility.
Public Transport - Use hired truck/vehicle as and when required for various destination)
- Conclusion : Based on our survey and various discussion had with the officials, we do here by certify that the company has the capability of and capacity to manufacture and test the products as per the requirement of relevant standards as detailed under serial no. 1.4

The information stated in this report (or Certificate) is derived from the results of inspection or testing procedures carried out in accordance with the instructions of our clients, and for our assessment of such results on the basis of any technical standards, trade custom or practice, or other circumstances which should in our professional opinion be taken into account.
